# REDFCLIFF REVIEW

OUR SLOGAN: An Industrial Metropolis of Industrious People Who Pull Together.

REDFCLIFF, ALBERTA, FRIDAY, OCTOBER 16, 1914.

VOLUME 4

NUMBER 42

## WORK ON C.N.R. GRADE NOW IN FULL SWING

One Hundred Teams Now Employed—More Expected Next Week—Additional Equipment Will Be Furnished.

With the good weather of the past week great progress is being made on the grading of the C.N.R. line through Redcliff.

At present there are 100 teams and about 150 men on the job. These are in two different camps. No. 1 about five miles past of town and No. 2 two miles further west.

The first lot of equipment consisting of 100 two-horse scrapers or shavers are all now in use, but there are many farmers in the district who have a scraper of their own or can get one he can be put to work at once. There are still a number of home-steaders without horses, who want work, but this cannot be secured until next morning are secured.

Arrangements are now under way to secure another hundred scrapers, and they are expected to arrive any day. These are new scrapers right from the factory and will be sold at cost to any farmer who may desire to purchase. Farmers should remember that they are expected to supply their own double-ends, clevises and blankets.

The delay in getting horses is due to two reasons. First, many farmers who applied for work are now staying at home to plow since the recent rains have put the ground in excellent shape. And secondly because of the bad roads many from a distance have been unable to get here. Now that the weather has cleared up, however, it is expected that a number of teams will report for work next week.

## Provincial Legislature Will Help Schools

Business in the provincial legislature now in session is progressing smoothly and favorably.

Prominent among the business of the session was the passing of a resolution by Mr. Boyle, providing for loans to school districts in the drought area. The minister explained that in certain sections the farmers are unable to pay their taxes and the order that the children may not be deprived of educational facilities it is proposed to make loans on the recommendation of the Education Department of the minister, the money to be repaid at some future date by deductions annually from the school grants.

Provincial Treasurer Hon. C. R. Mitchell tabled the estimate for the year 1915 and supplementary estimates of nearly half a million for 1914 to provide for war contingencies such as gifts to the British government and the Belgian relief fund. It leaves an estimated credit balance at the end of 1915 of \$1,175,000.

The budget speech will likely be delivered by Hon. Mr. Mitchell today.

## SAYS THAT STATES IS NOT PREPARED

President Wilson's neutrality proclamation was to the surprise of the house of representatives when Representative Gardner, of Massachusetts, asked the Germans to make a statement of the opinion that God would visit defeat upon them.

"It is true that with respect to the European war my views are not those of a neutral," said Mr. Gardner. "An entirely convinced that the German cause is laudable, and moreover, a measure to the principles of democracy—Furthermore, I believe the God of battles will visit defeat upon the Germans."

"But no matter which side wins, we must remember that since the beginning of time, victorious nations have proved headstrong and high-handed. We must begin at once to reorganize our military, should it be expected to be able to resist high-handedness, when the day of necessity comes."

## MAJOR GEORGE WASHINGTON STEPHENS

A Montreal millionaire, who is attached to the colonial troops known as the King Edward Horse, which is drilling near London for active service. Many Canadians living or visiting in England volunteered for service in this regiment.

## Pretty Wedding Held At Gros Ventre

A very pretty wedding was solemnized at the home of Mr. W. M. Palman, Gros Ventre, Alta., Thursday evening, when Miss Jean Fraser King and Mr. Wm. Downie Fraser were united in marriage by Rev. G. Lawson Gordon. The bride, who was given away by her brother-in-law, Mr. Palman, looked very lovely in a gown of white silk messaline. She carried a bouquet of field roses and a ring of the valley. The wedding march was rendered by Mrs. N. C. Grayson. After the wedding supper the young couple were driven, by auto to Medicine Hat, where they took the late train for Calgary. They visit Banff, Edmonton and other points of interest in their honeymoon. Their future home is New Glasgow, N.S. The bride's going away suit was of blue serge with becoming lace. Miss King, seated in Redcliff last winter, the guest of Rev. and Mrs. Gordon.

## WAR SITUATION NOW MORE SERIOUS

The developments at the seat of war during the past week have been most strenuous and the situation is now more serious than ever.

On Saturday it was officially announced that Antwerp had fallen into the hands of the Germans after several days' bombardment by the destructive guns of the enemy. The seat of the Belgian government has been moved to Ottom.

It is announced that it is the intention of the Germans to strike at England from Antwerp.

The fall of Antwerp, however, is not so serious as may at first seem. The allies were prepared for it and claim that the capture is robbed of its value by the escape of the garrison, who destroyed all strongholds before leaving.

Commenting upon the situation before it was known officially that Antwerp had actually fallen, English newspapers take with optimism that the conquerors were going to do with Antwerp when they get it, but the fact that it is conceded that no fort can stand against artillery such as is used in modern warfare.

The opinion was generally expressed that if the allies later attack Antwerp there will be a repetition of what has already taken place, that is to say, the German garrison could not hold out against them.

According to the latest reports the Germans are now within fifteen miles of Ostend and have been doing some terrific fighting. At present, however, the situation of what has already been taken and retaken twelve different times, and according to Paris despatches the French are now in possession.

The gloom which has enveloped England since the fall of Antwerp has been somewhat lightened by the news continued in official communications which state that the allies are more than holding their own in the fighting along the frontier of Belgium, and that the Austro-German army was completely defeated in the neighborhood of Warsaw, Russian Poland. The Russians are stated to have taken thousands of prisoners.

## REGULAR MEETING OF COUNCIL HELD

Ratepayer Objects to Water Rates and Alleged Irregularities—Police to Have New Uniforms—Siren for South End Fire Hall.

The regular meeting of the town council was held last Wednesday evening in the town hall. Mayor Bell was in the chair, and Councillors Lavielle, Ireland, McLachlan and Lydiate present.

After the reading and adoption of minutes of previous meetings, D. Black appeared before the council and drew their attention to alleged irregularities which had been brought to his notice. He also complained of his water rates, claiming that he had reason to believe he was being charged more for his service than other ratepayers.

The mayor assured Mr. Black that his complaint would be noted and brought to the attention of the committee concerned. If any discrimination existed it would be speedily adjusted.

The police committee reported, recommending the purchase of three police uniforms and overcoats, also firearms and batons for the force, as requested in a letter from the chief.

On motion of Councillor Ireland and Lydiate, the report was adopted with instructions to purchase the above.

On the subject of the water rates, Mr. McLachlan asked the council if it thought advisable to pay the secretary of the brigade a small salary for the work he does in connection with the office it was decided that he be paid \$4.00 a month.

Some time ago the Brick and Coal Co. donated a siren for use on the town hall and fire hall, and arrangements were given to have it installed.

Councillor McLachlan reported that he had been informed that the Goolby building, which is under construction, precautions were taken to have workmen parts fixed. The matter was referred to Mr. McKinnon, who is acting as building inspector for the town.

On motion of Councillors Lydiate and Ireland, Councillor Lavielle was appointed chairman of the water committee.

Councillor Lavielle drew the attention of the council to a case where a farmer bringing his produce to town was asked to pay a license, and asked the council for their opinion as to the wisdom of this course. The council was of one mind on this point, being that the council should not be the cause of such a tax on farmers for this purpose, but rather that they should be given every encouragement to bring their produce to town.

This brought up the question of a market, and his worship said he had been thinking of this matter as soon as possible to arrange for some kind of accommodation on the market grounds so that a market day could be established. The question of how to proceed was discussed by the council, but was finally left to a committee to prepare plans and submit them to the council.

## BAD LUCK DELAYS REVIEW THIS WEEK

"It never rains but it pours," is an old saying that all of us accept as a matter of experience. This week it was the Review's turn, and the rain of bad luck certainly came down in torrents. It was just one thing after another, and as a result this great family journal is late in reaching its readership. It is a shame to many readers. After each shower we came up smiling, thinking it was the last and we would get out and on time. But the rain that broke the camel's back the final push was given when our regular printer, who has been working on the job, was called away to his home. Everything but covering was tried and still that old engine was so moribund that it made a healthy man look like a politician at a political picnic.

Realizing that patience is a virtue always found in a printing office, the captain stayed with the ship, determined to go down with her or land her safely at her moorings. His perseverance was at last rewarded, and as a result everything is again going on as usual. Although it is preparing for a partial mobilization of Portuguese troops will be ordered. It is said that Portugal is preparing for a partial mobilization, and that if she participates in the war it will be on the side of Great Britain.

## Holds High Military Post

General Sir Charles W. H. Douglas, Chief of the Imperial General Staff.

## Redcliff Rosery Commences Operations

Many Thousands of Plants Already Set Out - Ready for Market in December

The Redcliff Rosery is nearly completed, and Manager Pratt is already transplanting the winter crops of lettuce, radish, and other garden truck. He is doing this in advance of the installation of the heating pipes in the greenhouses, trusting to average weather conditions for protection. He has some 25,000 lettuce and radish plants set out, and will be ready to commence shipments of vegetables early in December. A shipping house is being built this week, and the heating plant will be completed next week.

## LOCAL HARVEST A BOUNTIFUL ONE

The harvest from the local gardens is being gathered this week, and the results are surprising considering the small amount of land under cultivation.

A. Nicholson, who had one of the finest gardens in town, covered about half an acre, will have at least 8000 worth of potatoes, corn, beans, cabbage, etc. His potato crop alone amounted to 125 bushels.

Rev. Gibson gathered four sacks of fine potatoes from a plot 12x40 ft. and some of them weigh two to three pounds each. He also had a variety of other vegetables, all of which made a surprising yield.

It has been abundantly demonstrated that all of the people of Redcliff could have raised sufficient vegetables on the waste land about their homes to have supplied them with all the necessities of life during the coming winter. There will probably be many more gardens planted next year, and they will be needed.

## SOUTH AFRICANS RALLY TO BOTH

While there is confidence in the ability of the Union government to win the rebellion led by Mr. Botha, the situation contains a less element of gravity. The unsettling feature is the main tenance of silence by the men whose disavowal of association with Maritz in the scheme would go far to relieve the anxiety. There is not the slightest sign of wavering on the part of the government and a widespread feeling exists that Premier Botha has made adequate dispositions to grapple with any emergency.

The highest feature of the situation is the astonishing rally to Botha from unexpected sources, and the absolute solidarity of the divisions. Botha has had it made a united effort to join South Africa.

## PORTUGAL LIKELY TO DECLARE WAR

Portugal has not yet declared war against Germany, but it was learned in official quarters in London that a partial mobilization of Portuguese troops will be ordered. It is said that Portugal is preparing for a partial mobilization, and that if she participates in the war it will be on the side of Great Britain.

## FIRST SOD ON C.N.R. TURNED IN STYLE

Prominent Citizens of Twin Cities Attend Starting of Work. Grading Now in Full Swing. Line Will be Continued to Boundary.

The long procession of autos lined up on Broadway early in the morning attracted some attention last Friday afternoon. Those who saw them were sure that something out of the ordinary in the air to tempt motors out in such roads. There was for this procession was made up of railway men, politicians, mayors, aldermen and other leading citizens from the Hat and Redcliff, who were on their way to go through the ceremony of turning the first sod on the new C.N.R. line which is now being graded through Redcliff.

Although the roads were very bad as a result of the heavy rains, there was a big turnout, and all the cars reached their destination safely. A procession of the S.W. quarter of Sec. 19-14-6, about four and a half miles out of town, Mr. Fraser, chief engineer for the C.N.R., proceeded with a short but most enthusiastic ceremony. He expressed his extreme pleasure at being present at the turning of the first sod of his company's line, which, he said, was to run eventually from their main line to the International boundary. With these remarks and a few other remarks, he called upon Mr. Lorne Laidlaw to perform the ceremony. Mr. Laidlaw, holding a bigger and a grader-Redcliff. He then turned over a good sign shovel full of the rich Alberta loam on the spot marked by the engineer, the ceremony of which was completed with much cheer.

Mr. C. S. Pingle, M.P.P. for this constituency, was next called upon. He said the turning of the first sod is the start of railway construction for the Hat and Redcliff that will couple up with the northern part of this province, and will not only enable us to ship in grain and other produce from the north, but will create an outlet for our products to the manufacturing centers of these two cities. Great credit is due to the C.N.R. for this, and a few other remarks, he called upon Mr. Cunningham, and to Mayor Brown, whose untiring efforts had been instrumental in bringing about the start of operations in a year when money was so hard to get, particularly as the settlers in this district had been so unfortunate in the year or so and were so badly in need of the work which this start provided.

Mr. Brown, of Medicine Hat, then called upon by Mr. Fraser, and stated that he was very pleased to represent the city of Medicine Hat, and to see the first sod turned on the line of the Canadian Northern Railway which would eventually connect with the trunk line going from Montreal to the coast. To Sir William Mackenzie the credit is due, that this work is going on today. These three were then called for by Mr. Brown for Sir William Mackenzie and the C.N.R. These were lastly responded to and followed by a tiger.

Mayor Both of Redcliff, was then introduced by Mr. Fraser, and said, "No section of the Canadian Northern line," he said, "will be a better revenue producer than this section. It is a section of Alberta. In no other spot in western Canada is there such a collection of representative Canadian products, such as wheat, natural gas, etc., as it is found in the twin cities, but we have been handicapped with only one road so far. The Canadian Northern is now coming, and when they discover the revenue which will be produced in this territory, the Grand Trunk will soon follow suit."

At the conclusion of Mayor Both's remarks, Mr. Fraser had instructions to start the teams plowing, and when Mr. Miller, superintendent of the work, gave the word, the first furrow, which was given in three heavy cheers.

From then on the work has continued, and the grading operations are now in full swing.

One of the officials of the Southern Alberta Land Company informed us that they had gathered over eight tons of tomatoes to the acre.

## REDFCLIFF COAL MINE IS DOING BIG BUSINESS

Shipped 8 Cars of Coal And 8 of Brick To-day—Mine Running at Full Capacity—May Put on Night Staff

The large shipments of coal which are daily being shipped out of here by the Brick and Coal Company, furnish ample proof of the growing popularity of this grade of coal. Orders are coming in from almost every point along the main line east and west, and now cars are being shipped to all parts of Manitoba. Besides a good customer of coal the convenience and saving in freight is also a big inducement.

The company has been averaging about four cars of coal a day, and today they shipped eight car loads of brick and eight car loads of coal, and present the mine is running to full capacity and if the business keeps on increasing as it has been, a night staff will also be put on.

## Teachers To Convene At Mendicene Hat

The annual convention of the Southern Alberta Teachers' Association will be held at the Ritz Hotel, Mendicene Hat, on October 22 and 23. It is expected that all the teachers in the province will be present. Principal Leggett, of the Redcliff school will lead the discussion on "Recommending of lines in teaching mathematics to senior grades," and Miss Ogden, also of the Redcliff staff, will lead a discussion on "Teaching reading in Grade I."

A good programme has been prepared for the occasion.

## REDFCLIFF BOYS FOR SECOND CONTINGENT

Company Sergeant A. D. Ritchie, at one time a resident of Redcliff, was in town this week collecting recruits for the second contingent. Mr. Ritchie enlisted with the first contingent, but just before they left he was requested to remain behind for the purpose of assisting in getting up the second contingent. The Redcliff boys have volunteered for this contingent. They are W. H. Swanson, Robt. Hanesy, J. C. Hill, A. Cook and J. B. Bessant. They go to Calgary in the course of a few days, where they will go into camp and start drilling coal.

Mr. Ritchie was at Valeriat last time with the first contingent, and during his stay in the Danes during great progress in military circles. Besides being interested in the work, Mr. Ritchie talks four different languages, and it was largely on this account he was given a commission as lieutenant.

## MAY HAVE VOTE TO ABOLISH BAR

Unless forestalled by some technical error in the petition, a circumstances which now seems impossible, the abolition of the bar on a referendum to abolish the liquor of the province before July 1, 1916.

Representatives of the Temperance and Moral Reform League presented to the cabinet a petition for a referendum bearing upwards of 25,000 names gathered as required from more than 80 per cent of the provincial constituencies.

The total number of signatures is a 5 per cent greater than required by the direct legislation act, all the provisions of which, it is asserted, have been carefully fulfilled by the petitioners.

## GERMAN SPIES ARE CAUGHT ON COAST

The ninety ton gasoline launch Empress VIII was captured by the Canadian authorities at the Cape Spit in Union Bay, B.C. The crew, two men and a woman, all giving the name of German, were taken into custody. The launch had about nine months' provision supplies aboard, carried three auxiliary engines, and was equipped with wireless apparatus. It is supposed that the crew were intercepting messages from the wireless station at Cape Lazo.

## ITEMS OF LOCAL INTEREST.

Mulacki, Glace, made in Redcliff, Oct. 14 Broadway Store. \*\*\*

Any Fictional Pattern, in store for Broadway Department Store. \*\*\*

Sheepskin gloves, made in Redcliff, by a pair Barber's, at Broadway Store. \*\*\*

Broadway Department Store will buy for cash, Butter and Eggs. Lon Barber. \*\*\*

Mr. L. H. Bryant is building a fine new brick stable on the rear of his lot on Broadway street. \*\*\*

Miss Brown is taking part in a patriotic concert which is being held in Medicine Hat tonight. \*\*\*

Councillor Flath, who has been in Calgary for the past few months, has returned to town again. \*\*\*

Mr. and Mrs. Robt. McCleery and family left today for the east, where they will spend the winter. \*\*\*

Mr. McKenzie has been engaged by the Royal Bank as their overseer on the construction of their new building. \*\*\*

The weather is again settled and we are again back into the bright clear days for which Sunny Alberta is noted. \*\*\*

Mr. and Mrs. Lydell, of Fifth st., had as their guests on Thanksgiving Mr. and Mrs. Chester Lydell, of Calgary. \*\*\*

Five head of horses will be sold at the ponds on the 24th of this month. These horses have been in pound since July. \*\*\*

Mr. and Mrs. B. E. Howard moved this week to apartments in the Imperial Bank building, where they will spend the winter. \*\*\*

Chas. Sinclair, who has been in the Medicine Hat hospital suffering from typhoid fever, has sufficiently recovered to return home. \*\*\*

The C.N.R. has rented the sheds at the Clay products plant to use as a store house during the construction of the branch through here. \*\*\*

We have now on hand a fine assortment of all kinds of boots and shoes which we are now selling at hard time prices. T. A. Hicks. \*\*\*

Miss Carrie Lowell and Mr. Wm. J. McCormick, both of Redcliff, were united in marriage at Medicine Hat last Tuesday evening by Rev. Father Calier performed the ceremony. \*\*\*

Mr. H. Pingle, who has been conducting a drug store here for the past year, has moved his stock to Medicine Hat, and will open up a store there. \*\*\*

It is rumored that Hon. L. P. Pelletier will retire from his portfolio as postmaster general and will be succeeded by Hon. Thomas Chas. Cairns. \*\*\*

Mr. and Mrs. G. W. Lydell, of Fifth street, entertained a number of the children of the neighborhood on Tuesday afternoon in honor of the anniversary of Miss Barbara Lydell. \*\*\*

Heavy woolen underwear, sweaters, just the thing for railroading, can be secured at reasonable prices at T. A. Hicks' store, near Redcliff Hotel. \*\*\*

We understand that progress is being made by officials of the knitting factory here, and that they expect to have the machinery installed this winter and have the mill in operation early next spring. \*\*\*

D. F. R. Robertson, who has been on a business trip down to Manitoba, returned home this week. Owing to illness Mr. Robertson was away longer than he expected, but he has now quite recovered. \*\*\*

At a meeting of the Clay Products Co. held recently, H. O. Wheeler was elected president to fill the vacancy caused by the death of Jos. Lapsier. \*\*\*

A social evening will be given by the W. A. of the English church on Monday evening, Oct. 19th, in the vestry hall. A hearty welcome to all. Admission free. There will also be a sale of the plants which were used in decorating the hall for the harvest festival. \*\*\*

According to the Brooks Bulletin the Union Bank has closed the doors of its clerks in the Brooks branch because they continued to go to the front. The Bulletin is justly indignant over the affair, and asks for an explanation. \*\*\*

L. H. Bryant was elected vice-president and general manager, and J. H. Farmer elected secretary. \*\*\*

E. Pierce, who has been at his farm near Saskatchewan for the past month, returned to town last evening. He reports an excellent crop in that district and says wheat is running as high as 80 bushels to the acre. \*\*\*

Great interest was taken in town in the world's series games. The returns were bulletins at The Review office, where a goodly crowd assembled, and the phone was red hot, answering enquiries around town. The series was a record one. \*\*\*

Rumors are now afloat to the effect that there will be a general Dominion election this fall. There must be some ground for the rumor as both parties are getting busy holding organization meetings. If an election is held it will probably be the end of November or first of December. \*\*\*

In order to give more room for the staff of the Merchant's Bank is being enlarged. The room previously used by the staff as private quarters will be taken into the bank proper and used as the manager's office. This will make more room to attend to the public in the main office. \*\*\*

Work on the new Royal Bank building has progressed greatly during the fine weather of the past week. Brick work on the first story is now completed, and carpenters are at work on the inside. \*\*\*

Before leaving town H. Pingle left a bundle of old magazine and fashion books at the Review office, where they can be secured free by any in town who may wish to have them. As there are a limited number, any wishing to have them should call early. \*\*\*

Mr. McLean, general superintendent for the Atlas Lumber Co., was in town this week on a tour of inspection over the new C.N.R. grade. He is endeavoring to secure employment on the work for farmers in his district. \*\*\*

Jan. A. Ritchie, provincial inspector of mines, was in town today and yesterday inspecting the mine here. He found everything there in excellent and most satisfactory condition. \*\*\*

We have often heard of gold bricks but O. M. Shipley, who is always getting something new, now has a silver brick on exhibition in his office window. \*\*\*

The citizens of Medicine Hat have organized a "Bakers' Association". \*\*\*

Judging from their first meeting it is his intention to make a clean up of the present council at the next election. \*\*\*

There was a young man called Wilmo, Of whom we all thought quite a lot. But he left us one day, For New York as they say, And since then not a line have we got. \*\*\*

The concert in the Empress Theatre on Thanksgiving evening given by the Union Bible Class, was a great success from every standpoint. The hall was crowded to the doors and the programme was thoroughly enjoyed, and showed that Redcliff has an abundance of talent for an occasion of this kind. The collection taken at the door was most gratifying, and as a result the class will be able to hand some over to the relief committee after paying all expenses. \*\*\*

A bill is before the legislature to change the tax on motors from a flat rate of \$10 to fifty cents per horse power. \*\*\*

The new automatic phone system which is being installed in Medicine Hat is now nearing completion and will soon be in operation. When this is finished the staff will be moved to Redcliff to continue the good work. \*\*\*

The frame garage at the back of the Broadway Store has been moved away. \*\*\*

John Pickering, manager of the Amuse-u and Maple Hall theatres, left this week for Chicago on very important business. According to rumors he will require two tickets to get back. \*\*\*

It used to be "he who hesitates is lost," but he has changed it to "he who does not he hesitates - it lost." \*\*\*

THIS MISSOURI EDITOR WAS SLIGHTLY MIXED. A Missouri editor, who was brimful of hot ardor, got a wedding announcement and an auction sale mixed and served to his readers the following request: \*\*\*

"William Smith, the only son of Mr. and Mrs. Josiah Smith, was dispossessed of his home at Medicine Hat on Sunday, Oct. 11th, by a crowd of about twenty persons, including the following: Two good mules, twelve cows - The Rev. J. Smith tied the nuptial knot, the best weighing 3250 pounds on the hoof. The best civil horse of the bride was tastefully decorated with a seawash air, a saddle, a silvery rake, one feed printer, one set double harness, and last but not least, a wedding march was extremely well played by one mule cow five years old, one Jersey cow, to be frothed next April, better calf, carrying a bunch of flowers in her head, looked charming in a dress of light spring woad, two boxes of apples, two ricks of hay, one grindstone, mauling deris, trimmed with about 180 bushels of potatoes. The groom is well known among society circles of best pure Berkshire hogs, while the bride is an accomplished and talented school teacher of a drove of the best Poland China pedigrees, which will be produced if desired. Among the beautiful and costly presents were two sets of knives and forks, a spring bed, two coats, and numerous other articles. The bridal party left yesterday on an extended trip, terms twelve months' time to responsible parties, otherwise spot cash. Luncheon will be served at the table. After this Mr. and Mrs. Smith will go housekeeping at the corner of Main and R. L. Granly, auctioneer. \*\*\*

Arrangements are being made to provide for about one thousand Belgians in the province of Quebec. These are of the agricultural class and will be provided with homes during the war. \*\*\*

TO THE FARMERS We will be pleased to fill any government order, large or small. Broadway Department Store. Lon Barber. \*\*\*

MISCELLANEOUS ADS. WANTED SMALL SHACK, ABOUT 10x12, suitable for Ford garage. Address Box 45, Redcliff. \*\*\*

WANTED TO BUY FRESH MILK cows. Address O. care Redcliff office. \*\*\*

FOR EXCHANGE - LOTS IN REDCLIFF to exchange for horses or cattle. Apply Box 27, Gravel, Sask. \*\*\*

FOR SALE - Good Hay in car lots. For price and particulars apply to I. B. Noble, Tompkins, Sask. 404. \*\*\*

TENDERS will be received on or before Oct. 20th, by the undersigned for three new Uniforms, also three heavy winter coats. Cloth samples and prices required. The lowest or any tender not necessarily accepted. F. H. COURTNEILL, Sec. Treas. \*\*\*

## WAR NOTES.

It has been decided to transfer the Belgian government to France in order that it may have full liberty of action.

The foregoing was announced officially in Brussels. Several Belgian ministers, accompanied by a group of officials, left Ostend for Havre where the French government has prepared temporary offices for them.

AMERICAN SYNDICATE PURCHASES 10,000 ACRES. A syndicate, composed of United States bankers and financiers has bought 10,000 acres of land 20 miles north of Kansas. Buildings are being erected on the property, and the United States capitalists intend to raise extensively cattle and hogs and go in for other branches of mixed farming. Big herds of fine-ribbed cattle will be placed on the land, probably next spring, by Mr. A. C. Weaver, who has been appointed manager.

TRAVELLING LIBRARIES Applications for travelling libraries in connection with the University of Alberta at Edmonton should be sent in to the department of extension as soon as possible, as the demand threatens to be greater than the supply. Even during the busy summer months, forty of these libraries have been constantly in the field, and requests for information about them come in from rural districts by almost every mail.

The University of Alberta opened classes for the session 1914-15 on Wednesday, Sept. 9th. There is every indication that the Freshmen class will be large, and that the attendance as a whole will show an increase over last year.

WEDDING PRESENTS SIMON, THE JEWELER, First Street. In head-quarters. Issuer of Marriage Licenses.

MISS G. LEVERS Shipley Block Third St.

Fall and Winter Millinery

My stock is now complete in these lines and is one of the best assortments ever shown in Redcliff. Everything the very latest.

All next week I will take \$1 off every hat in the store now marked at \$7.00 or over.

CARD OF THANKS. As I have decided to discontinue business here, I wish to take this opportunity of thanking my customers and friends for their patronage in the past.

I am opening up a drug store on South Railway St. Medicine Hat, just opposite the C.P.R. station, and will be pleased to see any of my old customers when in the city. You are welcome to make this store your headquarters when waiting for trains.

HUME PINGLE.

DON'T FAIL To call at Our Store and look over our line of GAS HEATERS And Investigate Our Prices Before Buying.
